

DASHA PEARL

by Dierdre Dubois

Multi award winning singer-songwriter, founder of Ekova and Urbanswing Soundsystem, Dierdre Dubois goes rogue on her latest solo project, Dasha Pearl. She's played the Hollywood Bowl with DJ Paul Oakenfold, won a French Grammy and was nominated Best Album Jazz with Julien Lourau, hit #11 Billboard World Charts with Ekova, and now she's taking matters into her own hands. She's turned rapper & beatmaker, producing and releasing her with her label, Morning Jam Production. The first official single, B-I-G, features AD Songeons, trombone player with De La Soul and Sal La Rocca on the double-bass. Lush and a little bit naughty, Made in France.
